

Mobidiag signs exclusive agreement with Pro Med Diagnostics for the distribution of Amplidiag[®] and Novodiag[®] diagnostic solutions in Africa

Agreement signed for South Africa, Namibia, Botswana, Zimbabwe, Swaziland, Lesotho, Malawi, Kenya, Uganda

ESPOO, Finland, July 1st, 2019 – Mobidiag Ltd., a commercial stage molecular diagnostics company addressing the spread of antimicrobial resistance, today announces that it has signed an exclusive agreement with Pro Med Diagnostics for the distribution of its Amplidiag[®] and Novodiag[®] products in African countries including South Africa, Namibia, Botswana, Zimbabwe, Swaziland, Lesotho, Malawi, Kenya and Uganda.

Tuomas Tenkanen, CEO of Mobidiag, said *“We are excited to further expand our commercial footprint into Africa, which represents a fast growing market for diagnostic products with enormous growth potential. We are focused on continuing to develop our distributor network as part of our strategy to make our IVD tests and instruments accessible to customers in centralized and decentralized settings around the world. With a strong background in molecular diagnostics and an extensive customer network, Pro Med Diagnostics is the ideal partner to distribute our products throughout Africa.”*

Pro Med Diagnostics founders Neil and Anne Barker, said *“We are looking forward to expanding our current product offering by including the novel Mobidiag platform and tests – the ease of use and proven reliability of this platform offers our customers the option of expanding test offerings with minimal fuss and disruption to their current testing algorithms. Fast time to result is crucial in ensuring better patient outcomes. We are proud to be partnering with this strongly positioned product brand, which will further cement our position within the current medical diagnostic market.”*
